

BEDELL GUITARS

BLACKBIRD SERIES
PLANT AND ANIMAL CONTENTS

Bedell
GUITARS

The Blackbird Series isn't just sustainable, it is also built using only American harvested woods: a salvaged Sitka spruce soundboard, Western bigleaf maple back and sides, an Eastern hard rock maple neck, and a walnut fretboard, bridge and peghead overlay.

Bedell craftsmen have achieved unparalleled tone and projection from these plentiful American woods for a truly planet-friendly guitar made from ethically harvested trees.

Peace,

A handwritten signature in black ink that reads "Tom Bedell". The signature is written in a cursive, slightly slanted style.

Tom Bedell

Inlay: Acrylic, inorganic, U.S.A.

BEDELL TONEWOOD CERTIFICATION PROJECT

At Bedell Guitars, we believe that extraordinary acoustic guitars can be crafted from the world's most precious tonewoods in complete harmony with sustaining our forests and honoring the indigenous cultures and economies that thrive among them. The Bedell Seed to Song™ journey reveals the story behind each tree used in our guitars whenever possible: where and when it germinated, the length of its life, and how it died and was salvaged, or was individually harvested. We are committed to complete transparency, from Seed to Song™.
